

Calling all parents, grandparents, aunts and uncles.....

We do not have a PTA at ST George's school as we prefer to use a model where we think of ALL families automatically belonging to a PTA to support their child's school.

It also means that ideas and the organising of events can be shared out and taken on board by those with the relevant skills.

For example, if a group of you want to organise a disco (once COVID is over) then please let us know!

You all have unique skills and talents and we love it when you come to us with your fundraising ideas or just ways you would like to help your school and your children.

THANK YOU

We have a disused area at the top of the field that our amazing site manager Wendy is trying to clear so that we can build an OUTDOOR THEATRE for the children. There is already a decked area there from when we had an old pond.

We need YOU to.....

- help clear the area of weeds and brambles (we have a skip)
- help take down the existing fence
- help build a *simple* theatre structure (we can supply the wood)
- make some waterproof curtains for the stage

Is there
a role
here for
you??

Please email school if you can help. THANK YOU
