

THANK YOU!!! WE DID IT!!!!

Exciting news!!!!

THANK YOU to everyone who helped raise money for our new castle!!!!

Over the summer, Mrs Statham was working hard behind the scenes trying to raise the final amount of money for the castle from local businesses and companies.

The good news is.....WE DID IT!!!

Mrs Statham has placed the order for the castle and building will commence in the new year!!

The castle will include artificial grass for the children to sit on and a special blue 'moat' that will go all the way around.

You will notice that we had some work done on the nursery / reception playground over the summer (and that random wall was finally removed!) We also had some safety work completed around the trees on the 'castle playground'.

Mrs Statham designed the safety work to look like waves on a beach and to fit in with the castle moat!

Our children are going to LOVE this.

THANK YOU xx

Photo from a different school for info...
We raised enough money to also have a moat around our castle for added role play opportunities and fun!

We can't afford the Hobbit House at the moment but we can get that at a later date.
