

Year Two Homework Projects Autumn 2 2023

RE

We will be spending lots of time thinking about the Nativity story.
Can you make a picture book that you could show the children in Reception to teach them about the Nativity Story?

History

In History we will be learning about Guy Fawkes life. Can you find out about places in York linked to Guy Fawkes. Can you create a map with what you have found?

Reading

Practise your reading EVERY NIGHT and you will become a super reader.
This is THE MOST IMPORTANT homework of all!

Science

In Science, we are learning about animals including humans. Can you use playdough or draw an animal's life cycle? For example the life cycle of a frog.

Art

Can you make a Christmas decoration from junk modelling?

Relationship and Sex Education

This half term some of our R.S.E sessions focus on emotions. Talk at home about a time you have felt happy, sad or angry. Do you know what made you feel like this and what happened next?

Weekly spelling check

Each week the children will be completing a spelling check on a Thursday. There are 6 spellings that will be sent home in their yellow spelling books each week and we would like your support to get your child to practise these. We are sending the yellow books home so you can see how your child did in their last spelling check and see what the next week's spellings are to practise at home. **The yellow books are not for writing in at home!** You can practise on scraps of paper, a wipeable board, chalk on a path or verbally whatever your child enjoys.

*The standard of homework in the first term was excellent.
Thank you to everyone at home for your support.*
