

# Year 5 Home Learning Activities - Spring Term 2 2024

## Geography

In Geography last term, we learnt about the location of different European countries and their capital cities.

You can consolidate what we learnt playing the game linked below.

[https://www.ducksters.com/games/europe\\_map\\_game.php](https://www.ducksters.com/games/europe_map_game.php)

## Maths

This term we are focusing on developing our understanding of the relationship between fractions, decimals and percentages.

Below is a game you can use to help you consolidate what we have learnt.

<https://nrich.maths.org/1249>

## Spellings

You will have a short spelling test every Friday. There will be 10 different words every week from our spelling scheme. Not only do you need to spell the words correctly, but you need to use them frequently in your writing.

## History and Art

This term in history we are learning about the Mayans and will be looking at a lot of Maya artefacts.

At home you could research a particular Maya artefact and create a fact card about it or you could even attempt to re-create your own model of it.

## Music

Last term we learnt the song Madinah Tun Nabi, which many of you found an upbeat, fun and energetic song that made you want to move.

I would love to hear of other songs you would recommend to make people smile, dance and feel joyful.
