

# St George's Nursery Class

## Newsletter - Summer 1

We would like to say a huge welcome back to our existing children and a great big welcome to our new children and families that have joined the St George's family. We are looking forward to a great Summer Term in nursery and have been busy planning lots of fun and interesting learning activities for the children.

### Tapestry

We would love to see what your child is learning at home. Please post any pictures or videos on your child's Tapestry page. If you are unable to log in to your child's account please let us know.

### Timetable

Please see the summer term timetable below. We aim to provide coverage and opportunities for all areas of the curriculum each session but 'teach' a specific focus each session.

A phonics session is taught each morning.

Monday – Mark making / writing

Tuesday - P.E. and R.E.

Wednesday Reading and Expressive Arts & Design

Thursday - Maths (Number) & Singing and Dancing with Mrs Gatt.

Friday - Understanding the world and Liturgy

### Our Learning

This half term our learning is based around the topics of Dinosaurs and Under the Sea!

#### Dinosaurs

We will look at questions like – What is a dinosaur? What did dinosaurs look like? What did the dinosaurs eat? Were all dinosaurs big?

Fossils and skeletons.

#### Under the Sea

We will learn about what type of creatures live under the sea, fun things to do at the seaside and looking after our oceans

### Warm Weather

As we look forward to the warmer weather arriving, please ensure your child has a sun hat in school to wear in hot weather. If the forecast is for hot, sunny weather please apply sunscreen before school.

We have a class bottle of sunscreen in school to apply at lunchtime if needed.

### Lunches

Please chat to your child each morning about what they would like to choose for lunch.

### Pack ups

When the warmer weather does arrive, please ensure the packed lunch contains an ice pack to keep the food chilled during the morning.
